

TANAT TO PERRY COMMUNITY WILDLIFE GROUP

**There are about 12 pairs of Curlew,
and over 30 pairs of Lapwing, in our area.
Both have declined a lot in recent years.**

**We need to find them before we can help them.
We need more helpers for our survey, please.**

**It's easy to do, and only takes 3 half days,
between late March and June.**

**We'll help locate Curlew nests to protect this year too.
The 2023 results, and plans for 2024, will be presented at our
public meeting. We hope you can come. All welcome.**

**Simple survey instructions are provided,
and a training session if you want it.**

**If you can help, or you're interested in
finding out more about these birds,
please come to the meeting.**

**7.30pm Wednesday 6th March
Morda Social Club
(Pleasant View SY10 9NS)**

**If you want to help, but can't come to the meeting, please email
Leo Smith (leo@leosmith.org.uk)**
